January	Next season first aid check	July	Recruitment of players Player registration on club portal

Club Identity

Clare Town Lions Football Club - our values:

Love for the game: at the end of the day, it's about enjoyment; we want our players to have happy memories of football and friendships at Clare Town Lions.

Inclusivity: Clare Town Lions was formed to give local children access to football.

Opportunity: we strive to give everyone equal playing time; that means we don't always play our strongest line-up, but we believe that offering experience to all players will result in a stronger team in the long-term.

Nurturing talent: we expect our coaches to be positive role models – building self-esteem and encouraging players to be the best they can be; in return, we expect our players to learn the value of self-discipline and teamwork.

Sportsmanship: our aim is to produce players with a healthy balance of giving 100% in pursuit of success and playing in the right spirit; we expect parents and players alike to uphold our values and support the FA's Respect agenda.

History:

Formed in 2006 by 2 parents the club has grown and now offers football to 5 age groups.

Aims for the next 3-5years:

To continue to offer football teams which the local community can be part of, aiming to have teams for each age group.

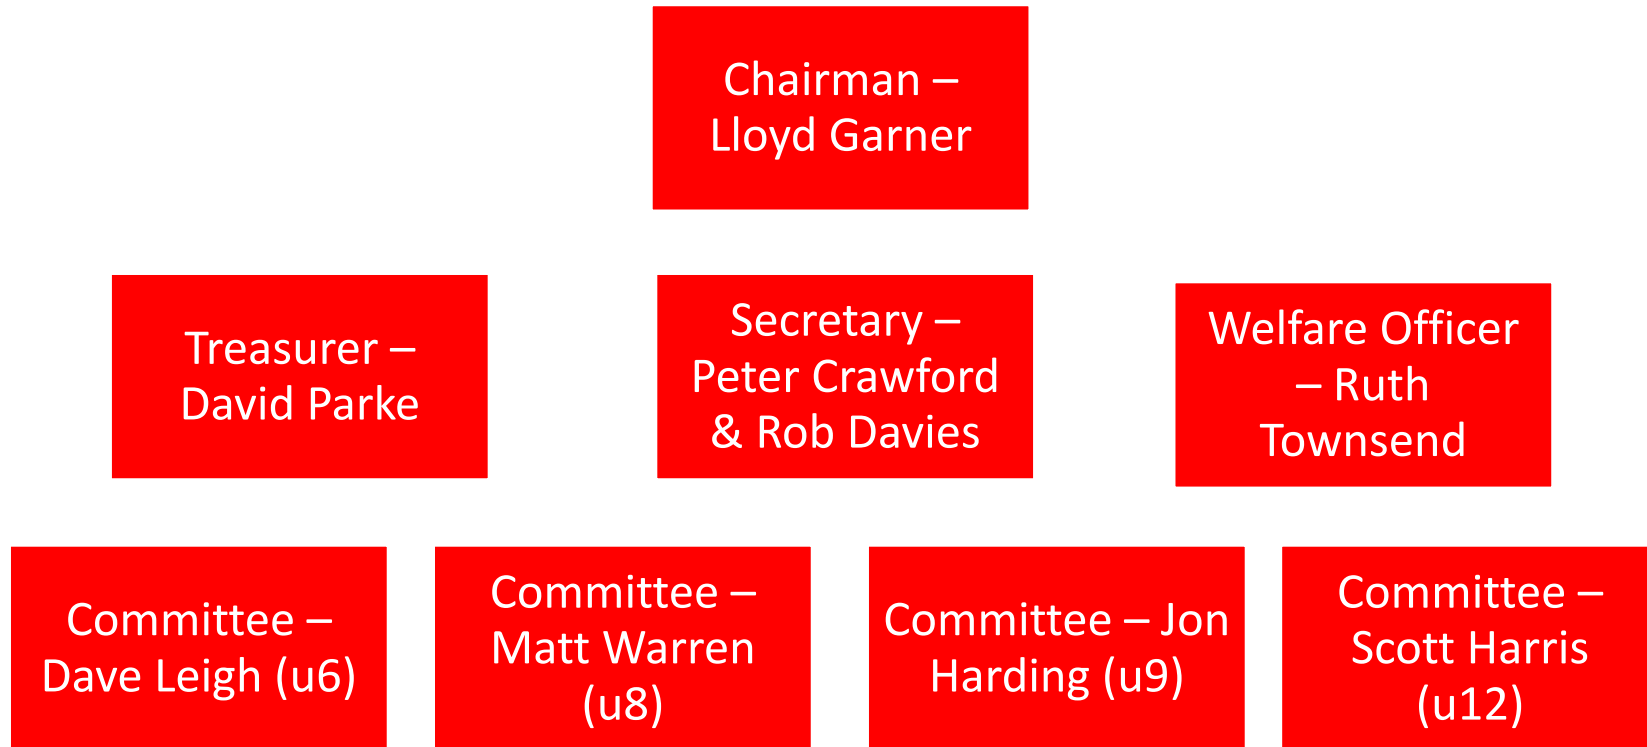

Club Initiatives

Use this planner to set goals and create tasks to complete which will help you develop your club..

Tip: Visit [England Football League and Club Hub](#) on YouTube for ideas and insights to help you.

Objective	Timescale	Who's Responsible	Cost	Review
FA DBS for all personnel who have regular contact with u18 players.	Pre-season and throughout the season	Club Welfare Officer		
Have a Introduction to Coaching Football coach for all youth teams.	Pre-season and throughout the season	Club Committee		
Gaining sponsorship Seeking sponsorshipraising funds and raising club profile				

Club Structure
